What's Wrong With John McCain?

Senator **John McCain:** Wrecking the Economy, Health Care and Social Security Here in Ohio

Senator John McCain has a long history of advocating policies that would wreak havoc on the things that matter most to Ohioans – a strong economy, affordable health care and secure retirement benefits. Time and again, McCain has proven that his policies are wrecking Ohio.

Wrecking THE ECONOMY Through Deregulation:

"I don't think anyone who wants to increase the burden of government regulation... has any real understanding of economics and the economy and what is needed in order to ensure the future of this country." (McCain Town Hall, Inez, Kentucky, 4/23/08)

Wrecking HEALTH CARE by Taxing Our Benefits:

"What the McCain plan would do is tax health care benefits..." (Shawn Tully, Editor-at-Large, Fortune Magazine, CNN's "Your Money," 3/16/08)

Wrecking SOCIAL SECURITY With Plans of Privatization:

"Without privatization, I don't see how you can possibly, over time, make sure... Americans are able to receive Social Security benefits." (C-Span, "Road to the Whitehouse," 11/18/04)
